Featuring Tribute Artist - GEORGE THOMAS

A terrific impersonator of both Elvis Presley and John Travolta!

Capturing the true essence of young Elvis himself, George sings all of the "King's" most well-known songs and captures his audience with "Elvisesque" moves and interaction.

John Travolta is another of George's impersonations. Performing favorites from "Saturday Night Fever," & "Grease" George is as exciting to watch as the actual John Travolta himself.

The following is a "Short" list of George's professional credits

Free Giveaway

Upon entering the casino table gaming area your guests will be offered a casino voucher "Novelty Fun Money" (shown below) worth whatever value you designate it to be (\$500.00, \$1,000.00 etc.) At any time your guests can proceed to any gaming table and exchange the voucher with the dealer for "Novelty" chips. Guests can then test their "Strategies" at gaming tables for the next few hours. At the end of play the dealer will total each players chip count (no actual cash value) won for the evening. Your guests will then be given one "Opportunity Ticket" for every \$500.00 won in chips. The ticket has two parts. Your guests will keep one half and place the other half into a fishbowl. Anyone can then "Draw" for the giveaway items **YOUR COMPANY HAS PROVIDED**.

* CA residents refer to California Penal Codes 330, 337j, AB839 on attorney general's website.

Live Auction

The live auction will start the same way the free giveaways listed above. However, instead of redeeming chips for a ticket in for the opportunity drawing, the dealer will write a "Casino Check" (no actual cash value) written out for the amount won. Your guests will then be able to "Bid" on the their choice of free gifts **THAT YOUR COMPANY HAS PROVIDED**. There will be no change given back from the casino check once an item is bid on. Therefore, your guests will only receive "One" chance per casino check per item.

* CA residents refer to California Penal Codes 330, 337j, AB839 on attorney general's website.

High Roller List

At the conclusion of the casino night evening your guests will "Cash in" their chips at any gaming table. The dealer will write the guest name and amount won on a list. The totals are then given to the host or hostess of the event and he or she will determine who won the most "Casino Money" (no actual cash value) and designate the FREE gift accordingly.

* CA residents refer to California Penal Codes 330, 337j, AB839 on attorney general's website.

Q: How much money can my group raise with a casino night?

A: * Each group is different and there is no way to give an exact figure to this question. However, there is a way for you to develop a fairly accurate estimate. First, you want to set a realistic goal for the amount that you want to raise. Then, estimate how many people are expected to attend. In order to maximize your profits, you will need to determine what the costs of your event will be. Ideally, you want to raise enough money before the event to cover these costs. (i.e. if your costs are \$5000. and you know that 100 people will come, you might want to charge \$50.00 or more per ticket to cover your costs and start the night with a profit.) Another suggestion would be to solicit organizations, business owners, etc. to “sponsor” each game table.

Q: Can we recognise guests in attendance with a FREE guest giveaway item for their competitive efforts?

A: * In order to have a successful fundraiser, many expensive giveaway items are NOT essential. However, giveaway items may often help to increase the sales for the fundraiser proceeds. If purchasing giveaway items are not within your budget you can once again look to the businesses in your community and request a donation which may be a tax deduction for the business owner. More often than not local business owners are willing and more than happy to help as long as they receive acknowledgement for their donation.

* There are many other factors involved in running a successful Casino Night fundraiser that cannot be properly explained in writing. That is why before attempting such an event, World Class Casino Entertainment would recommend a meeting with your entire committee so that we may give you proper guidance on how to reach your goal. **Please visit our website for additional information and legal forms.**

* **World Class Casino Entertainment is authorized by the California Attorney General's Bureau of Gambling Control to host Casino-Themed Fundraiser / Charity events.**
